

SUPER SPORT

77% protein of animal origin

Complete food for grownup hyperactive dogs and dogs of all breeds and sizes. High-energy food, rich in essential fatty acids and highly digestible proteins obtained from the highest quality meats. High-energy content with well-balanced fatty acids provide easy recovery of the body after heavy workloads of sporting and work dogs. Food rich in macro and micro ingredients, with omega 6 and 3 fatty acids maintains dark gums and provides exceptionally shiny and well-pigmented hair in competition dogs. Apart from government and work dogs, it is also aimed for dogs in weaker physical shape.

Composition: dehydrated chicken and tuna 30%, rice 18%, corn, oats, chicken fat, cold pressed vegetable oils, fish oil, linseed 5%, sugar beet pulp, brewer's yeast, hydrolysed liver, inulin (chicory extract), MOS (yeast extract) and lecithin.

Packaging: 2,5kg, 15kg

SLEEPY

Complete food for kittens, young cats, pregnant cats and lactating cats. Quality, easily digestible proteins obtained from poultry only – chicken and duck, along with high energy, provide all required ingredients for proper development and growth of your pets. Dietary fibres prevent formation of fur balls, and pH value of 6.0 – 6.5 decreases appearance of ureteral calculus.

Composition: dehydrated chicken and turkey, corn, rice, cold pressed vegetable oils, chicken fat, sugar beet pulp, cellulose fibres, dehydrated hydrolysed liver, brewer's yeast, sea algae, Yucca Schidigera, taurine, potassium chloride.

Packaging: 0,4kg, 2kg, 10kg.

SLIM CAT

Complete food for neutered cats and less active cats, having problems with excess body weight. Food adjusted to less active cats and cats that have tendency towards gaining weight (neutered and castrated cats). Made by combining animal source proteins obtained from the highest quality meats and easily digestible cereals. High protein content with low fat percentage allows maintenance of muscular mass along with weight control. Fibre content (cellulose) provides easy digestion and contributes to fur ball extraction. Product's pH value prevents formation of ureteral calculus.

Composition: dehydrated chicken and turkey, corn, rice, cold pressed vegetable oils, chicken fat, sugar beet pulp, cellulose fibres, dehydrated hydrolysed liver, brewer's yeast, sea algae, Yucca Schidigera, taurine, potassium chloride.

Packaging: 0,4kg, 2kg, 10kg.

FANCY

Complete food for young and grownup cats of all breeds and choosy palates. Quality chicken and turkey meat will satisfy tastes of cats with the choosiest palates. Well-balanced fats in combination with required macro and micro ingredients provides healthy skin, shiny hair and sufficient energy for both homebound cats and the cats that spend their time outside their owners' home. Appearance of ureteral calculus has been decreased due to good pH balance from 6,0 – 6,5. Dietary fibres prevent formation of hairballs.

Composition: dehydrated chicken and turkey, corn, rice, cold pressed vegetable oils, chicken fat, sugar beet pulp, cellulose fibres, dehydrated hydrolysed liver, brewer's yeast, sea algae, Yucca Schidigera, taurine, potassium chloride.

Packaging: 0,4kg, 2kg,

LARGE

72% protein of animal origin

Complete food for grownup dogs of medium and large breeds and sizes. Rich in required macro and micro ingredients intended for grownup medium, large and exceptionally large dogs. Provides sufficient quality energy for normal and increased activities. Suitable for competition dogs since it reduces the stress during competitions. Influences good hair quality and contributes to strength in joints.

Composition: Dehydrated chicken, turkey, duck and tuna 28%, rice 15%, corn, cold pressed vegetable oils, chicken fat, linseed 5%, sugar beet pulp, brewer's yeast, hydrolysed liver, inulin (chicory extract), MOS (yeast extract), lecithin, chondroitin and glucosamine.

Packaging: 2,5kg, 15kg

MINI

79% protein of animal origin

Complete food for puppies and grownup small breeds dogs. Rich in required macro and micro ingredients as well as highly and easily digestible proteins obtained from the highest quality meats. Natural source of omega 6 and 3 fatty acids, especially EPA and DHA, as well as group B vitamins, provides proper growth of dogs and exceptional primary and secondary hair shine and viscosity. It does not change the hair colour of white-haired dogs.

Composition: dehydrated turkey, duck and tuna 35%, rice 20%, corn, chicken fat, cold pressed vegetable oil, fish oil, linseed 5%, sugar beet pulp, brewer's yeast, hydrolysed liver, dried apples, inulin (chicory extract), MOS (yeast extract) and lecithin.

Packaging: 0,9kg, 2,5kg, 15kg

SPECIAL

74% protein of animal origin

Complete food for choosy, grownup dogs of all breeds and sizes. Contains easily digestible meats – lamb and tuna. Well-balanced fats provide high-energy rates recommended for regular and medium active dogs. Special is especially suitable for gluten allergenic dogs. It does not contain cereals with gluten; it is rich in rice, which in combination with lamb provides easy digestion. It tastes great; it is easily accepted so, it is recommended for all choosy grownup dogs. The food is rich in many macro and micro ingredients that influence darkening of gums in competition dogs. Natural mannooligosaccharides (MOS) in combination with fructooligosaccharides (FOS) provide high utilisation levels of all nutritional elements.

Composition: dehydrated lamb and tuna 31%, rice 31%, oats, chicken fat, cold pressed vegetable oils, fish oil, linseed 6%, sugar beet pulp, potatoes, hydrolysed liver, brewer's yeast, dried apple, inulin (chicory extract), MOS (yeast extract), lecithin and psyllium

Packaging: 0,9kg, 2,5kg, 15kg

SUNRISE

72% protein of animal origin

Complete food for strengthening dog immunity, for sensitive and allergy prone dogs. Rich in required macro and micro ingredients and gluten-free cereals. It is intended for all categories and dog sizes, and due to the content of lamb, duck, tuna and rice, it is especially good for dogs with allergy and digestion problems. Balanced ratio of fructooligosaccharides and mannooligosaccharides with natural source of vitamin B group provides excellent hair quality and maximum food utilisation with minimal stress on internal organs. Sufficiently high and well-balanced energy portion in combination with potatoes, omega 6 and 3 fatty acids, especially DHA, helps in resolution of excess weight, allergies and stress.

Composition: dehydrated lamb, duck and tuna 27%, rice 27%, oats, cold pressed vegetable oils, chicken fat, fish oil, linseed 4%, sugar beet pulp, potatoes, hydrolysed liver, brewer's yeast, dried apple, inulin (chicory extract), MOS (yeast extract) and lecithin.

Packaging: 0,9kg, 2,5kg, 15kg
